

ADVERTISE FOR
FAIRFIELD WATER
SYSTEM BIDS

Decision to advertise for bids on a contract for construction of a 500,000-gallon reservoir and the new Fairfield water system was announced in a joint release following Tuesday night's meeting of the borough council and the Fairfield Municipal Authority. Bids will be opened about February 16.

The statement, issued by Thomas L. Newman, president of the borough council, and George M. Neely, president of the Fairfield Municipal Authority, advances plans to install the water system to be used by both residents of the borough and adjoining areas.

The system will be financed by the sale of municipal authority revenue bonds to be self-liquidating over a 40-year period. Details of the issue have not been completed. It is expected, however, that the bonds will be sold within the county and that the services of a bond house will not be necessary. Council and authority members pointed out that the bond market has improved within the last six months from the standpoint of the issuing authorities and the Fairfield issue hopes to take advantage of that situation.

Have State Approvals
Present, in addition to the two official bodies at the joint meeting in the Council Room of the First National Bank, were William Sees Jr., consulting engineer of Harrisburg, and Attorney Charles W. Wolf, borough solicitor and authority counsel.

Approval of Maple Spring as a water source has been given by the State Department of Health, while the Water Power and Resources Board, Harrisburg, has given its permission for water allocation. The report revealed that a bond counsel has been engaged and consulted in matters concerning the financing of the project.

Maple Spring is located on a shoulder of Jack's Mountain near the old Tapeworm Railroad approximately two and one-quarter miles from the Fairfield borough line. Measurements taken last September and October at the spring indicate a flow of water from 30,000 to 40,000 gallons over a 24-hour period. Maple Spring is 250 feet above the borough and pressure of 75 to 80 pounds will be provided in the line.

The council and authority have estimated that 125 homes, schools and commercial firms will use the new water system at the outset of its service. Plans call for an 8-inch water main from the reservoir to the town and then distribution to Fairfield users via a 6-inch pipe.

New President Of
Meco Is Elected

O. Titus, president of the Pennsylvania Electric Company, with headquarters in Johnstown, has been elected president of the Metropolitan Edison Company with headquarters at Reading. The latter position was made vacant by the accidental death January 6, of Wilbur H. Doran. Mr. Titus had been president of Metropolitan Edison Company prior to assumption of that position by Mr. Doran. Both companies are part of the General Public Utilities integrated electric system which supplies electricity to about 825,000 customers in Pennsylvania and New Jersey. The company hopes that this move will enable its Pennsylvania subsidiaries to achieve "even greater co-ordination than has been possible heretofore."

3-DAY CHURCH
SERVICE CLOSES

The three-day Synodical Rural Parish Conference conducted in the Grace Evangelical Lutheran Church, Two Taverns, and in St. Luke's Evangelical Church, White Hall, by the Rev. Dr. Martin L. AT CLUB DINNER

"Juvenile delinquency is not only a problem of the cities, it exists right here in our own communities," Prof. L. V. Stock, supervising principal of the Upper Adams joint school system, told the Upper Adams Lions Club at its meeting Tuesday evening in the Biglerville community building.

"America became great," he said, "because of each American's ability to work, his ability to discipline himself and his ability to assume responsibility."

"Today the second factor, ability to discipline oneself, seems lacking in a greater number of young people than before. And not only in young people, but many of their elders seem to have lost that ability."

"For the good of our communities and our nation we should go all out to help develop in young people that ability to discipline one. (Continued on Page 3)

TWO PROJECTS
PREPARED FOR
COUNTY GUESTS

Plans for a sewing project for the women and a picture framing project for the men at the county home were outlined Tuesday afternoon at a meeting of the Needs of the Home Committee of the Adams County Home Auxiliary, at the home of the committee chairman, Mrs. Mervin Murray, R. 3.

The sewing project started this afternoon at 2 o'clock at the home and will continue each Wednesday afternoon at 2 p.m. thereafter. Mrs. Murray, Mrs. S. E. Kapp and Mrs. B. W. Hughes, will assist the guests in sewing such items as aprons and pot holders, as a start. Volunteers instructors are being sought.

Articles Will Be Sold

Members pointed out that not only will the project give the county home guests something to do but the articles can be sold at the annual "open house" to raise additional money for their use.

Persons having calendars with landscape scenes are asked to send them to Mrs. Murray for framing by the men. The men will repair and paint old frames. Donation of old picture frames was also asked.

Those interested in aiding the men in repairing frames were asked to notify Mrs. Murray or to visit the group at the county home on Wednesday afternoons at 2 o'clock.

Son of a Methodist minister, he has resided in Ohio since he was five. He worked his way through Western Reserve University in Cleveland where he majored in political science and was captain of the debating team.

After his discharge from the Army Ayres started his own heating company. He hired all ex-GIs and they worked together to build the company into one of the leading heating firms in that part of Ohio.

Married to Mary Helen Coventry, and the father of three children, he is a member of the Fairview Community Church and is a member of the Kiwanis, Amvets and American Legion.

COMMISSIONERS
STUDY CHILD'S
CLOTHING COST

The Adams County Commissioners this morning were immersed in the question "How much does it cost to clothe a child?"

The problem was brought up at a meeting of members of the Advisory committee of the Adams County Child Welfare Services with the commissioners.

Luther Ritter, chairman of the committee; Mrs. Henry T. Bream, a member, and Miss Bettie Livermore, child welfare secretary, met with the commissioners to discuss the annual budget for the Child Welfare Service. They said that the amount needed this year will be "just about the amount needed last year, \$25,000."

Suggest Change In Plan

During the discussion, the Advisory committee members suggested that a flat sum be set for clothing for children under child welfare each year and that the foster parents be allowed to purchase the clothing as they wish.

At the present, clothing is purchased as needed by Miss Livermore in cooperation with the foster parents.

The committee held that the same results would obtain, if the foster parents could buy as they wish, with a resultant saving in travel for Miss Livermore as well as in a saving of her time.

That led to a discussion, with Commissioner Karl Smith claiming that (Continued on Page 2)

New Oxford Man
Wins \$1,200 Verdict

A \$1,200 verdict in favor of the plaintiff was brought in by a York County common pleas jury Tuesday in a damage suit against York Bus Company stemming from an August 12, 1952, automobile-bus collision.

The jury awarded that amount to Ralph A. Gordon, 111 Hanover St., New Oxford, who suffered two fractured ribs, shock and cuts when his automobile and a York Bus Company bus collided in York. Costs of the suit also were placed on the bus company.

Gordon brought suit for \$4,376.01, including \$2,500 for pain and suffering, \$1,190 for loss of wages and \$615.51 for damage to his car. He maintained that he did not see the cross street and the bus made a left-hand turn from the right side of Jackson Street. Wilmot Ehrhart, the bus driver, said he had his turn signals on, and maintained that he did not see Gordon's car.

Congressman Dewey Short, chairman of the Armed Forces committee of the lower house of Congress, told members of the Adams County Shrine Club, at their annual dinner Tuesday night at Hotel Gettysburg, that the United States must maintain its economic strength and financial solvency and "must increase its moral and spiritual strength in order to retain the American ideal of religious freedom, representative government and free enterprise."

"Military might alone cannot safeguard us. All military leaders agree that World War II was won by America's industrial might and this was without minimizing the zeal and heroic strength of our military forces," the Congressman declared.

"It is only knowledge of our industrial might and productive capacity, not knowledge of our atomic might, that deters Russia. We must keep America strong for today only in strength is freedom; only the strong can be free and only the strong can remain free."

Billions For Defense

Congressman Short said that 50 billion dollars is being spent each biennium for national defense and that despite vast cuts in the next biennium national defense expenditures will necessarily be six billion dollars in excess of the budget.

"America will not complain," he assured the audience, "if it gets a dollar's worth for a dollar. Great as is the tax burden, it is better than defeat. Looking over the areas devastated by the last war, the conclusion is inescapable that defense cost is cheap compared with military defeat."

The Congressman cautioned, however, that no bankrupt nation ever won a war and that there can be no military might without economic strength. He emphasized the fact that the battlefield can be no stronger than the homefront.

"Wonder Of World"

"In other words," he declared, "there can be no security without solvency. Fiscal soundness is our great need and since 60 cents of our governmental dollar goes for national defense, we are exercising the greatest caution to squeeze every ounce of fat from our defense expenditures without cutting into the muscle or nerve system."

Congressman Short described America as the real wonder of the world, a nation, relatively young in years, to which all nations, many (Continued on Page 2)

BUS HIT BY CAR
NEAR FAIRFIELD

Guy W. Seiford, Fairfield, suffered chest injuries when his school bus was struck this morning near Iron Springs.

There was no estimate given concerning damage to the bus, which was said to be parked at the beginning of its route, with no children aboard, when an auto struck the rear of the vehicle. Damage to the car was said to be "several hundred dollars."

Damage to the bus did not prevent it from completing its trip to the Fairfield school.

The accident was said to have occurred in dense fog, and on a slippery section of highway. State police said they were not called to investigate the accident. Mr. Seiford was not immediately available for information on the accident.

The name of the motorist who hit the bus was not known at press time.

Crowd Watches As
Landmark Disappears

"Standing room only" prevailed this morning on Baltimore St., as a fairly large crowd leaned against windows, or gathered in store doorways to watch the dismantling of the brownstone front on the former Citizens' Trust building.

Among the more avid spectators were a number who recalled watching the same stones being placed "back about 1908."

A large mechanical crane owned by Clyde Crouse, Littlestown, was engaged in removing the stones from the top of the building to trucks on the street. The stones were raised almost a half century ago, according to the "old-timers" watching, by use of a hand windlass on the roof.

STAY OFF HIGHWAYS

State Police this afternoon issued a warning to all motorists to stay off the highways today and tonight because of "pea soup" fog which they said has made driving extremely hazardous. "Don't drive unless it is absolutely necessary," they said.

By FORREST DWARDSE
PANMUNJOM (P)—Thousands of anti-Communist Chinese and Korean War prisoners today streamed southward from Indian-guarded stockades in Korea's neutral zone as the deadline neared for their release as civilians.

At 8 p.m. the last of more than 7,600 Korean POWs crossed the flood-lighted border into South Korea. The final group of more than 14,000 Chinese was due about 1 a.m. An American officer said all of the Chinese would be aboard landing ships for the voyage to Formosa by tomorrow.

The U.N. Command has promised all of the prisoners their freedom at midnight Friday.

Red China's Peiping radio Wednesday night repeated its warning that "any unilateral action with regard to the prisoners of war is absolutely impermissible." But the warning was mildly worded and officials said the Reds apparently had accepted the Indian command's decision to return unrepatriated prisoners as an accomplished fact.

Cold, Drizzling Rain
The transfer went smoothly despite minor hitches and a cold, drizzling rain.

Three Chinese prisoners were injured in a scuffle with Indian guards, an Allied official said. The extent of their injuries was not known, but all three were carried to the exchange point on stretchers. Details of the clash were not revealed.

At least twice the southward flow of prisoners was interrupted. No Koreans appeared for an hour early in the evening, but there was no explanation. Earlier a dispute over a prisoner asking repatriation halted the movement of Chinese prisoners.

Eighty-five prisoners—54 Chinese and 31 Koreans—of the first 13,400 returned asked to be repatriated to their Red-ruled homelands, the Indians announced. This is slightly more than one-half of one per cent, far less than the 4 per cent who asked repatriation during personal interviews with 3,164 POWs late last year.

Reds Reject POW's

A handful of American, British and South Korean prisoners who chose to stay with the Communists remained in their neutral zone compound. The Indians planned to turn them back to the Communists, but the Reds refused to take them.

The Indians reported receipt of a letter from the Communist high command stating flatly that the Reds did "not propose to receive" custody of the prisoners Wednesday.

The note was in addition to a nine-page letter of protest sent to the Indian command Tuesday.

Meanwhile, in Taipei, Chinese Nationalists were jubilant after hearing the release had begun. Formosa's biggest celebration in years is planned for the day the POWs begin landing.

Choice Of Future

Nationalist sources said the prisoners will be held in special villages for an undetermined period for re-education and then will be given a choice of civilian life or joining Nationalist military forces.

U. S. Army Secretary Robert Stevens, here for the prisoner transfer, said any of the 21 Americans who asks for repatriation before midnight Friday would be welcome to return home.

Under Allied interpretation of the Korean armistice all unrepatriated war prisoners are to be freed as civilians at midnight Friday. The Communists wanted them kept in custody until a peace conference decides their future.

The first of 14,321 anti-Communist Chinese prisoners returned to the U. N. Wednesday were sped to Ascom City by truck. Then they boarded U. S. landings ships in nearby Inchon harbor and were scheduled to sail for Formosa early Thursday.

Become Civilians Friday

The voyage will take about four days. Gen. John E. Hull, U. N. Far East commander, said they would become civilians at midnight Friday whether or not they are on (Continued on Page 3)

COMMISSIONERS

no set amount could be established for clothing, "because one youngster needs more than another in a given year. And the commissioners don't want to be in a position where they would be saying: 'George can't have any shoes because his clothing allowance has already been spent.'"

At noon the commissioners and committee members were studying records of the amounts spent for each child's clothing last year to determine whether there was any set sum that could be listed as an annual clothing allowance. The record showed that one child needed only \$10 worth of clothing (a case in which Miss Livermore said the foster parents purchased most of the clothing he needed) while another had a bill in excess of \$100.

Architect Alfred Hamme and heating engineer William Hard, both of York, were directed to submit plans for a heating system at the county home February 4.

AUXILIARY LEARNS HOW TO FIGHT HOME FIRES

J. J. Houck, Hanover, showed movies at the meeting of the Ladies Auxiliary of the Biglerville Community Fire Co. Tuesday evening in the fire hall. The pictures revealed what every citizen should know in case of fire in the home. The most important steps are how to report a fire, what to do until the fire department arrives and how to fight fire in the kitchen. In reporting a fire one should use a fire alarm box if available. Different types of alarm boxes were shown and how to operate each. If fire alarm boxes are not used in your town or village the telephone number of your fire department should be memorized or attached to the phone so it can be noticed immediately without losing time. The quickest and most accurate way to call fire department is to talk slowly and plainly giving definite location of fire. A false alarm can prove to be costly and dangerously. The fire departments declare that the first five minutes are more important than the next five hours, when a fire breaks out.

What to do until the fire department arrives is important to all. If a fire alarm box is used stay at the box until the fire department arrives to direct them to the scene of the fire. The alarm box only gives the firemen the location of the fire alarm box. Every family should have plans made in case of an emergency of this kind. The first step is to save lives.

How to fight fires in the kitchen should be known in each household. Utensils containing oils and fats which may get too hot and cause a flame can be smothered by placing a lid or wet cloth over the kettle. In case of a flame outside of the kettle or in the broiler, baking soda sprinkled over the flame is a good household aid.

Another short series was shown to the group concerning the atomic bomb test given at the Nevada Providing Grounds. Civil Defense protection was shown. The best protection cited in case of an A-bomb attack would be an outside shelter.

The meeting was opened with devotions by the chaplain, Mrs. Paul Osborn. The business session followed with the president, Mrs. Glenn Slaybaugh, presiding. A total of 116 chartered members have been enrolled in the Auxiliary. The membership is still open to anyone who cares to join.

with greater natural resources, come for aid.

"The reason for America's greatness is threefold," he declared.

"America is great, first, because of Christian religion, second, because of its representative government, and third, because of its underlying fundamental economic philosophy of free enterprise.

"But our religious freedom, our representative form of government and our economic freedom are threatened and can be safeguarded only by the integrity and moral strength of the people who, under our system, are bigger than the government."

Subversive Penetration
The solon scored subversive penetration not only in high places in government but in economic, industrial, cultural and social phases of American life. He made a plea that the American people be mindful of Lincoln's admonishment that America will never be destroyed from without but could be destroyed from within.

"If America is to survive we must keep it strong militarily, economically, morally and spiritually. We must understand the great price that has been paid for our freedom and support our military might by economic strength and solvency. Even more important, we must maintain our moral strength and spiritual ideals."

"Harmful Influences" "Something needs to be done to offset the harmful influences to which young people are exposed and it is the job not only of the school, but of the church and the service organization."

President John Klinefelter presided with 65 in attendance. Sixteen charter members were seated at a special table for the dinner.

Introduced as new members were A. L. Leinart, Richard Beatty, Richard Raffensperger and Daniel Dentler. J. P. Hollabaugh was welcomed as returning to the club after having previously withdrawn from the group.

Members were urged to attend the annual Lions International conference to be held next summer in New York.

B. B. Taylor was chairman of the program committee and introduced Professor Stock. C. E. Bucher gave the invocation. Rev. Nevin Frantz presided at a song service.

HUNTINGTON'S DEBT REDUCED \$1,000 IN '53

Huntington Township's expenses for 1953 increased \$937.65 over the previous year's total despite grant of \$6,134 under the state matching fund for road construction, the annual auditors' statement, filed with the clerk of courts' office Monday afternoon, pointed out.

According to Huntington's financial report covering the 1953 fiscal period, township supervisors began the year with a cash balance of \$1,803.02. As of January 4, 1954, the cash on hand figure stood at \$1,458.39, a decline of \$344.63.

Auditors noted receipts of \$3,965.30 from the current year real estate taxes and \$1,192.66 collected via prior year taxes. Miscellaneous receipts included, in addition to the matching fund, \$2,437.38 county aid; \$2,299.01 state aid; \$1,018.62 per capita tax; \$355.28 rental of road machinery; \$150 from liquor licenses and beverage taxes, and \$85 from automobile and other fines.

A report on the collection of 1953 taxes revealed the acquisition of \$6,176.58 from real estate and occupation levies. A total of \$1,298.13 is due in delinquent taxes.

Spent More On Roads

Expenses for general government in 1953 amounted to \$970.28 and included \$501.90 compensation of the secretary-treasurer (an increase of \$67.06 from 1952); \$231.18 compensation of the tax collector, and \$144 for supervisors' attendance at monthly meetings. One hundred dollars was spent for fire protection.

The township made a capital outlay of \$13,304.50 on its highways during the past year—more by \$2,141.65 than the \$13,162.85 used for this purpose in 1952. The thoroughfare breakdown reveals \$5,149.47 assistance; \$1,173.52 township for maintenance of roads and bridges; \$4,931.42 for reconstruction; \$2,480.15 widening; \$1,217.45 resurfacing; \$309.90 signs and index boards, and \$42.53 for new tools and machinery.

Huntington Twp. maintains a total road mileage of 45.10, 15 wooden bridges and two concrete spans.

Pay \$1,000 On Debt

The township assessor valued Huntington real estate at \$397,752. There was a per capita tax of \$2 on 741 taxable residents. Township citizens paid an 8-mill tax rate. Total tax levied for all township purposes amounted to \$6,280.06.

The financial statement noted a floating debt of \$5,000 remaining at the beginning of 1954. A total of \$1,000 of the debt was paid off in 1953. The auditors listed among township resources: \$10,600 real estate belonging to the township; \$1,298.13 unpaid 1953 taxes; \$756.74 state fund account; \$701.60 general township fund, and \$2,000 miscellaneous. Resources totaled \$15,356.47.

The board of supervisors for 1954 consists of Charles F. Davis chairman, York Springs R. 2; Parker Davis, York Springs R. 2, and T. J. Keefer, Gardner's R. 1, members, and D. L. Hospelhorn, York Springs, secretary-treasurer. The board of auditors is listed as: Vance Stutzel, chairman, York Springs; William D. Shank, York Springs R. 2, member, and Lloyd Lupp, Idaville, secretary.

WOMEN ARE "GUESTS"

The home of Mr. and Mrs. Dale Rider, Gettysburg R. 2, was the setting of an "unusual" family dinner Sunday.

The ladies were "living room guests" for the day and the men "took over the kitchen." The dinner which consisted of turkey, with all the trimmings, was prepared and served by the men.

Homer M. Dively prepared the turkeys. Dale Rider was the cook and baker, Charles and Leo Sasse were salad men and Chester Stover was dish washer. The remaining men were helpers wherever needed.

Neil Worden holds the Notre Dame record for scoring the most touchdowns in a three-year career. Worden tallied 29 times.

One Kidnaper Confesses But Other Denies Story; Wealthy Broker Safe; No Ransom Paid

SAN FRANCISCO (AP)—Two one-time private detectives jailed as abductors in the "Case of the Kidnaped Twin" split up today—police said one confessed and blamed the other, who denied some of the story but essentially wouldn't talk.

The victim, short, round-faced Leonard Moskowitz, 36, was rescued unharmed and smiling yesterday morning after 2½ days of captivity. No ransom was paid despite demands of first \$500,000 and then \$300,000.

The two men arrested were seized separately. The first, Joseph William Lear, 43, of Sacramento, Calif., was caught in a telephone booth making a ransom call to the victim's identical twin and constant companion Alfred.

Police said Lear broke down and led them to a rented house, where a stocking-foot raiding party broke in, rescued Moskowitz and arrested 57-year-old Harold Jackson of Sacramento as he stood in his shorts. Jackson was shivering with fright, said Inspector Al Nelder, who nailed him.

The arrests ended the biggest San Francisco manhunt ever—and broke the best-kept secret of years. On police request, all news outlets had voluntarily held back the story until Moskowitz was safe.

Police said Lear, a soft-faced and fearful hearing aid salesman, made a complete confession after he and Jackson had been booked on suspicion of kidnapping.

Chief Homicide Inspector Frank Ahern said Lear blamed the whole plot on Jackson. He said Lear related:

Lear had believed he was work-

ing with Jackson on a detective case until Moskowitz was bundled into a house rented by Jackson and threatened with death unless Moskowitz' family paid \$500,000 ransom. Lear followed Jackson's lead from fear.

Blames Jackson

Moskowitz himself said Lear kept muttering "I didn't know it was to be this kind of a job or I wouldn't have gone into it."

Jackson, a tall, erect man with a constant sneer, disagreed with Lear on about everything, said Inspector Don Scott. He reported Jackson denied much of Lear's story, disputed other parts and agreed with some.

Truck, Auto Crash Near East Berlin

Two men were injured in a collision of a truck and automobile at the intersection of two legislative roads near Harbold's School, four miles east of East Berlin, at 8 a.m. Tuesday.

State police of the York detail said Royce A. Emerson, 27, Hanover R. 3, operator of the truck which was loaded with 65 cans of milk, suffered lacerations and a bruise near the right eye. Marley Gross, 21, Thomasville R. 1, driver of the car, received bruises of the arms and legs. The men were treated by East Berlin physicians.

Damage to the truck was estimated by police at \$1,500 and to its cargo, much of which spilled from containers, at \$300. The car was damaged to the extent of \$1,400.

MORE DISPUTES ON AMENDMENT

WASHINGTON (AP)—Sen. George (D-Ga.) urged Republicans today to take to a Senate vote their differences over a proposed constitutional amendment on treaty powers. But Sen. Knowland of California, the GOP leader, said he hasn't given up hope of a compromise.

George, taking a leading role for the Democrats in the treaty controversy, said he regards as "a fair proposition" an offer by Sen. Bricker (R-Ohio) to submit to a rollcall test a section of a proposed constitutional amendment criticized by President Eisenhower.

Eisenhower said he would never agree to giving the states power to nullify within their own borders the operations of treaties.

Bricker has said that what he is trying to do is to make sure that treaties don't take away the rights of the states to establish the qual-

Last Week's Snow Was Costly Task

HARRISBURG (AP)—More than 10,000 State Highways Department employees joined in a ½ million dollar operation to clear the last week's heavy snowfalls from Pennsylvania roads.

"The snow was heavy but no serious traffic tieups were reported storms," said C. H. Buckius, department chief engineer.

"The department's full force was put to work clearing the state's 21,000 miles of main roads and then clearing operations were begun on the rest of the thoroughfares," he noted.

The department credited snow fencing with controlling drifting snow, considered to be a major traffic bottleneck.

factions of voters and to exercise other powers reserved to them in the Constitution. Lawyers disagree as to whether this is a real danger.

George said the quick and simple way to end the argument is to put it up to the Senate.

THE LOVED AND LOST

The experience of life itself is a
thing of wonder, intertwined with
miracles. But the loss of a life,
near and dear to us, fills us with
questioning. Do loved ones leave
us forever? Will we see them
again? Is immortality the silent
assurance that the loved and lost
still remain, communicating to us
across invisible lines of love?In a remarkable book by Hans
Zimmer, called "As I Remember
Him," I came across this com-
pelling paragraph: "At times the
dead are closer to us than the liv-
ing, and the wisdom and affection
of the past stretch blessing hands
over our lives, projecting a guard-
ian care out of the shadows and
helping us over hard places. For
there are certain kinds of love that
few but the very wise fully under-
stand until they have become
memories."From W. H. Hudson's remark-
able essay on "The Return of the
Chiff-chaff," in his book "A Travel-
er in Little Things," he said: "The
'naked shingles of the world' is
but a mood of our transitional day;
the world is just as beautiful as it
ever was, and our dead as much to
us as they have ever been, even
when faith was at its highest. They
are not wholly, irrevocably lost,
even when we cease to remember
them, when their images come no
longer unbidden to our minds."Scientists have stated that our
own voices, as well as those of our
beloved, forever float upon the at-
mosphere of the world! How many
times does the sweet melody of
my mother's voice come back to
me. It is as it were but yesterday.
There is no eternal silence to love.
It is the breath of eternity itself.
It is the atmosphere through which
our loved and lost continually com-
municate. It is but the wink of an
eye from God's country to our own!Tomorrow Mr. Adams will talk
on the subject: "Book Wealth."

GENIUS

I have read many a heartening
thought
And wished that they were
mine.
Books, with a few small dollars, I
have bought
And read them, line by line.Out of rare minds, with genius
afame,
Words gave them birth,
Eternal life among mankind to
claim
Their heaven, this earth.This is the unsolved mystery of
man:
Just how and why
A thought to live forever, phrase
he can,
Though he must die.

TIMES FEED BAG . . . Sorry

I missed you people last week, but
the Times went overboard and
threw a gigantic feed for the
employees, to which I was invited.
I was so overwhelmed by this
generous offer, that I couldn't speak
for two weeks! Hence the delay
in presenting the column . . .
Everybody who is anybody was at
the dinner, and a few who were no-
body—were there too. . . I am
referring to the Dillsburg corre-
spondents, of course. Gill Hoffman
sez she wished they quit calling us
"correspondents" . . . Said she
feels like the "other Woman" in a
divorce case. Our table was
situated smack in front of Henry
Scharf, so we couldn't leave before
it was over. Times printing de-
partment outdid itself to make the
place cards very attractive (why
shouldn't they—they get the stuff
wholesale!) Only thing wrong was
that some efficiency expert—prob-
ably Jim Hartzell—insisted on
utilizing every bit of space on the
card . . . On one side was printed
the name of the person to be seated,
and on the other, was a crazy
message about how important the
printer's job was . . . I presume
that every once in a while the
printers have to explain just what
they do all day—or their jobs are
in jeopardy (Note to Lino Operator: I
looked that last word up . . . If you
spell it wrong, I'll have your job!)
I was fortunate enough to sit
with Hugh McHenry and his
charming wife, and two newcomers

GHS Routs Mechanicsburg 62-51 To Snap Three-Game Losing Streak; Scrubs Win

Gettysburg High School's cagers got back into the win column Tuesday evening after three straight defeats by walloping Mechanicsburg 62-51 on the Wildcats' floor in a South Penn League game.

The point-total was the highest of the season for the Warriors. Jay Schmitt, George Penn and Paul Ketterman were the big guns in the scoring spree and between them accounted for 53 points.

As a result of the victory, fifth in nine starts this year, the Warriors are now deadlocked with Hanover for fifth place in the first half race. The Hawks and Warriors will meet here Friday evening.

Coach George Porney's outfit got off to a 15-12 lead in the first period. Penn sank three long shots, Schmitt added a pair and Ketterman and Bobby Rohrbaugh landed single twin-pointers. Bud Kohlhaas and Yerger each netted two goals for the Wildcats.

Schmitt, who wound up with 20 points, rammed through 10 points on four double-deckers and two free tosses to lead the Warriors to a 34-24 half-time margin. During the period Penn netted two more goals with Rohrbaugh and Ketterman each connecting once and the latter also contributing a foul. Four Mechanicsburg lads scored from the field in the stanza.

Tom Yost's Wildcats spurted mildly in the third period when they outscored the Porney-men 17-14. Bob Enck with four goals and Kohlhaas with two, led the Mechanicsburg attack. Ketterman added nine tallies for Gettysburg on a trio of goals and fouls.

Schmitt and Penn kept the Warriors safely in front during the last period, the former dropping in three goals with Penn landing a long toss and three free tosses. Enck and Dougherty secured the only goals for Mechanicsburg while six foul conversions accounted for the other tallies.

The Warrior scrubs made it a perfect evening by capturing the preliminary game 40-31.

Jack Cervino's club led all the way, holding a 19-12 margin at half time. Merle Gorman and Rolf Johnson landed 13 and 10 points, respectively.

Lynchburg To Have Pro Basketball Again

LYNCHBURG, Va. (AP) — The Lynchburg City Council and President Wallace McKenna of the Lynchburg Cardinals have worked things out so the city will have professional baseball as usual this season.

McKenna and the council compromised in a battle over rental for Municipal Stadium that threatened to cause transfer of the Lynchburg Class B Piedmont League franchise.

Sunbury, Pa., interests reportedly had contacted McKenna about moving the franchise if the club had been unable to reach an agreement with the city over rental fees.

16 and Dean Selby with 13 points featured the Littlestown barrage. Gary Dolly led Fairfield with nine.

York Springs handed Newville its fourth straight loop defeat 61-45 at Newville. The Springs were in command all the way and led 52-27 going into the final quarter before the jayvees took over. Lynn Golden was the big gun for Pete Kemper's victors with 29 points. Dick Zeigler swished 24 for Newville.

JR. HI TAKES 2 GAMES FROM MECHANICSBURG

A rejuvenated Gettysburg Junior High School basketball team snapped its two-game losing streak here Tuesday evening by defeating Mechanicsburg 32-19 to up its season record to 3-2.

Showing more scrap and general all-around ability than in previous performances, the charges of Coach Luther Sachs hopped off into an 8-1 lead in the first period and led the remainder of the way.

After piling up a 26-10 lead at the end of three periods, the reserves went into action but were forced to withdraw when the Wildcats showed signs of coming to life.

Jon Wagnild dropped in 10 points for the winners while Holtzman accounted for 13 for the visitors. All of the Gettysburg regulars turned in good performances and worked well as a team unit.

The local reserves staged an uphill battle and finally came from behind to win the preliminary game 31-29. At half time Coach Ira Kerr's lads trailed 16-12. Keefer and Heiges were high men for their respective teams.

Friday night the Junior High teams invade Hanover for a twin-bill with the strong Falcons.

Dempsey Suggests Tourney For Heavies

CHICAGO (AP) — Former heavy-weight champion Jack Dempsey today suggested an elimination tournament to uncover a "real" challenger to Rocky Marciano's title.

Dempsey, visiting hospitalized vets at the nearby Great Lakes Naval Training Center, said that former champion Ezzard Charles, while appearing a worthy contender, still should dispose of Nino Valdes for the right to fight Marciano.

Charles, who is being boomed for a possible June match with Marciano, was outpointed by Valdes in a surprise defeat last year.

Dempsey said the elimination should be conducted among Charles, Valdes, Dan Bucceroni and Danny Nardico.

SQUIRES WING OWL DRIBBLERS FOR 70-59 WIN

The Delone Catholic High cagers broke a three game losing streak by spanking the Westminster Owls 70-59 in the victors' court Tuesday, before a capacity crowd.

The Marylanders started the scoring when "Reds" Bowman looped in a lay-up. Don Chrismer came back to sink a jump shot. Warren Boyer netted two free throws and a one-handed push shot, but Ruby Bair hooped a jump shot and a free toss while Billman landed a set for Delone. Leading 7-6, the Squires began to roll as Chrismer, Billman and Bair tossed in lay-ups. "Chuck" Sprinkle hit on a set and Bowman converted a foul. Codori pushed in a one-handed shot for Delone followed by Bair's set and Chrismer's hook shot. Roger Wolfe arched a two-pointer from the corner while Bowman and Boyer hit on foul shots as the first quarter came to a close with the Squires out in front 19-14.

Codori opened the second stanza by taking the tap-off and sending it through the cords. Shilling retaliated with a jump shot from the corner. Bair looped in a foul while Chrismer connected on a set and free throw. Codori dumped a foul and a lay-up with Burnell Smith and Billman landing jump shots. Stimax popped a foul and jump shot while Shilling landed two push shots for the Owls. A few seconds later the first half came to a close with Delone on top 32-23.

Scoring Rampage
In the third frame both teams went on a wild scoring spree, netting 22 points each. Jack Codori, flashy 5-10 Squire guard who hails from Gettysburg, dumped in five lay-ups and a foul shot in the quarter.

Whitey Billman landed three lay-ups while Chrismer and Bair added the final touch by dropping in set shots. The Owls remained in the running via jump shots by Sprinkle. Shilling and Boyer, and the set shots by Bowman and Wolfe. At the end of the third stanza the Owls were still trailing by nine points, 54-45.

The fourth and final period turned into a nip and tuck affair. Sprinkle tossed in a foul. Then Bair, Codori, Billman and Chrismer followed in order as they looped lay-ups with Bair adding a free throw. Bowman looped a jump shot while Wolfe hit from the foul line and Shilling hooked one in for the visitors. Codori hit on a lay-up. Billman, a foul and Buddy Redding a push shot before Boyer connected for three straight sets from the corner. Burnell Smith swished a set shot just as the final horn blew.

Jack Codori was the big gun for the Squires as he netted a total of 22 points. Warren was top man on the Owls list, hooping 16.

Squire Scrubs Lose
The Delone jayvees and Westminster reserves played a close

game up to the fourth quarter when the junior Owls broke the ice and went on to win 40-32. Roland Mumaugh was high man of the evening scoring 17 points while Tom Klunk netted 12 for the Squires.

On Friday Delone will journey to Westminster to meet St. John's Catholic High.

DOGS DREAM, HAVE ULCERS EXPERT SAYS

SALT LAKE CITY (AP)—Dogs are more down-to-earth than humans. But that's about the only difference, a California veterinarian says.

Dr. R. A. Stocking of Los Angeles is attending the convention of the Intermountain Veterinary

Medical Assn. here. He thinks that hound of yours may have the same troubles, emotions and thoughts you do.

Your dog may dream, have ulcers, be intelligent or dull-witted. He may become nervous and upset if he sees you beating your wife. Which may be why Dr. Stocking says he believes the world would be better if there were more dogs and fewer humans.

If you want your dog to be normal, give him a normal home life, the Los Angeles veterinarian says. Dogs are just as much affected by their surroundings, he reports, as humans.
